ANZ businesses are only at the beginning of their cloud adoption journey

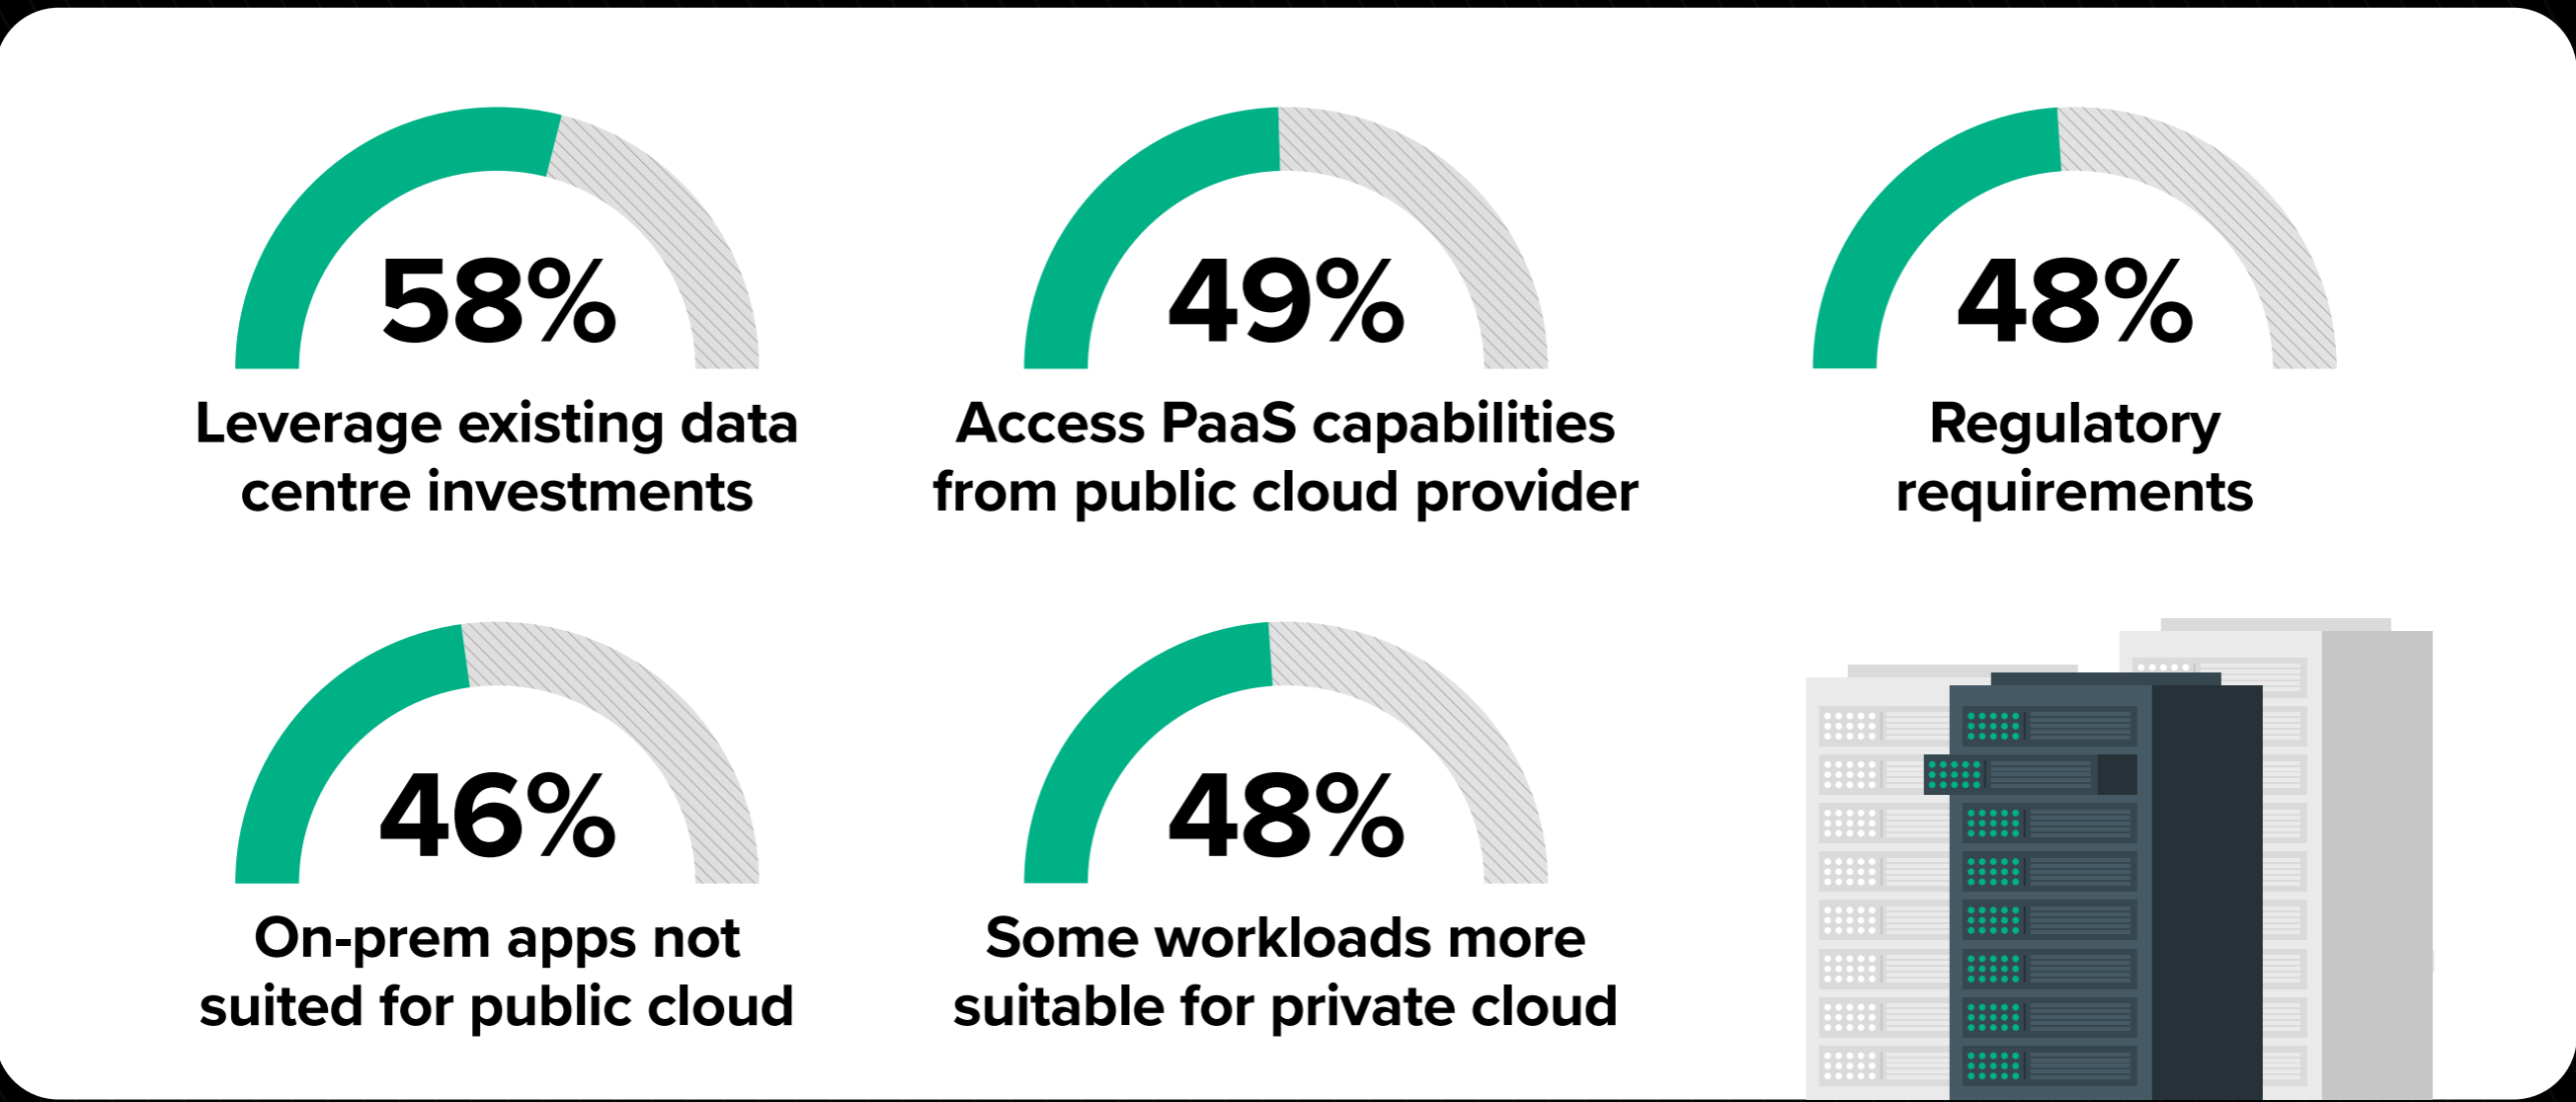

## Cloud Services are Underpinning Business Agility, Innovation & Customer Obsession

### Benefits ANZ Organisations see in Adopting Cloud

## Businesses are Acknowledging that Not Every Application Will Move to the Public Cloud

### Why Customers use Hybrid Cloud

Hybrid and Private Clouds need to be managed to ensure agility isn't impacted and the business can innovate at pace.

## Organisations in ANZ are engaging strategic partners for Cloud

As businesses deepen their investments in Hybrid Cloud solutions, they need to ask the question:  
**“Who will run these systems?”**
